Target Groups			
<ul style="list-style-type: none"> ⇒ Staff assigned to the development of Internal Training contents not having the background of a Professional Instructor 			
Learning Objectives			
<ul style="list-style-type: none"> ⇒ Understanding how to create a lesson ⇒ Gaining confidence in establishing learning contents ⇒ Having internal resources for training contents ⇒ Improving implementation and acceptance of internal training 			
Content / Course Description			
<ul style="list-style-type: none"> ⇒ This seminar demonstrates ways of establishing a lesson and a lesson plan ⇒ Not all – even company internal – trainings do have the same character Some might be pure instruction subjects while others might require the instructor to facilitate the course and let the attendees find the solution to the problem ⇒ By analysing the lesson goal and the background of the course target group, this seminar will provide you with neat tools and checklists for your future training lessons ⇒ Using existing contents and applying them to other topics or another target group is not always easy. Also here the attendee will see some easy ways of adapting and converting existing contents
